# Coronavirus Procedures – Maypole Airfield

Firstly, we are required to take your name and a contact number as part of the PPR process. We will hold these details for 30 days (minimum) in case we need to contact you again for any reason. By flying in to Maypole, you accept us holding this personal data for you.

## Sanitisation

As soon as you have secured your aeroplane, we need everyone on board to go straight to the toilet block to wash their hands. Hot water, soap and towels are provided. Immediately after that, we need the pilot to book into the Control Hut and pay the landing fee. Before leaving the control hut, you must sanitise your hands using the gel provided.

You are welcome to use the tables and chairs outside the clubhouse. Please do not go into the clubhouse if you have not washed your hands (as above). If you do use any of the clubhouse facilities, please wash, dry and put away anything you use once you are finished. Please wipe down the surfaces before you leave, too.

## Booking In and Out

Please book in and out on the sheet in the Control Hut (with the "C"). Please use the sanitiser before and after writing your details on the sheet. Please don't forget to book out before you fly home.

## Meeting Others

We recognise that you may be flying in to Maypole Airfield to meet others. Please do not meet them on site. We cannot provide facilities for visitors arriving by road. Please make arrangements to meet them at the Prince of Wales pub (50 yds from the main gate) or at the roadside. If you book a taxi, please make sure they understand that they are not permitted past the site gates.

## General

Thank you for your patience in these difficult times. If there is anything we can do to make your visit safer, please don't hesitate to let us know.
